

bioXtra

ORAL MOISTURIZING GEL

Enzymes and Moisturizers

Relieves dry, sore or sensitive mouths

ULTIMATE DRY MOUTH RELIEF **Net Contents 0.5 fl oz (15 ml)**

bioXtra Moisturizing Gel acts as an effective substitute for natural saliva by regulating the microenvironment of the mouth.

Directions: Wash hands thoroughly before use. Apply gel liberally with your finger or a clean swab to gums and tongue or under dentures whenever mouth feels dry, especially at night. Remove or spit out the excess. Repeat as necessary. Close cap after use. For oral use only. Keep Out of Reach of Children. Safety and effectiveness have not been tested on children. Use within one month after opening.

Ingredients: Water, Glycerin, Sorbitol, Hydrogenated Starch Hydrolysate, Xylitol, Hydroxyethylcellulose, Glucose, Butylene Glycol, Sodium Polyacrylate, Polyacrylic acid, Colostrum Whey, Glucose Oxidase, Lactoperoxidase, Lactoferrin, Lysozyme, Aloe Barbadensis Leaf Juice, Potassium Thiocyanate, Benzoic Acid.
